

## ENVIRONMENTAL POLICY

Thermal Dynamics is a supplier of heat exchangers and systems to the Automotive and Mobile/Industrial markets.

Thermal Dynamics is a responsible corporate citizen dedicated to protecting the environment. We are committed to complying with accepted environmental practices, including meeting applicable legal and other requirements. We strive for continual improvement in our environmental management system and to minimize the creation of wastes and pollution. We will, therefore, manage our processes, our materials and our people in order to reduce the environmental impacts associated with our work.

Thermal Dynamics pledges to implement and operate the ISO 14001 Environmental Management System to further enhance environmental performance. Our main objectives are to:

- Continually reduce our hazardous waste
- Reduce, reuse and recycle waste and packaging
- Operate facilities in consideration of efficient use of energy and materials
- Maintain regulatory compliance

This policy will be communicated to all employees and will be made available to the public, upon request.
